

METTA Green Deep Tech

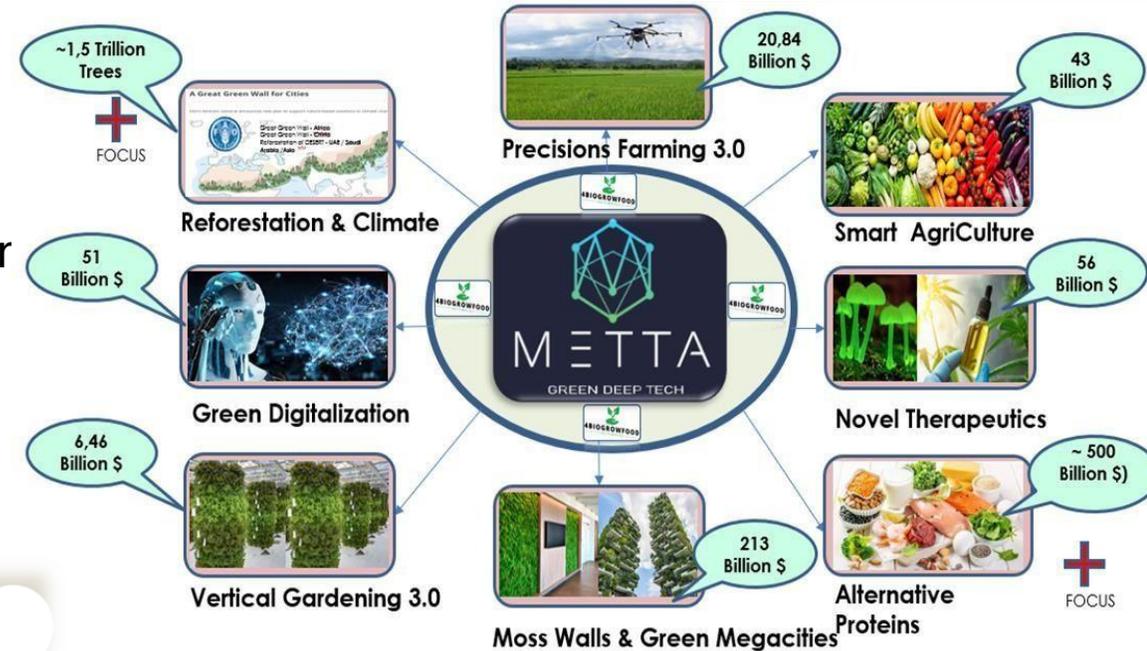

"Imagine a future where sustainable innovation and genuine disruption go hand in hand.

METTA Green Deep Tech—inspired by MIT/Boston and Columbia/ New York , 3 times awarded (EU / Asia), and further developed in Europe with strong partners—stands for ‘**Metta**’ which means universal goodwill & nourishment.

With our **3P+S model** - People, Planet, Prosperity plus Sustainability - we create solutions (12 USPs) for the next generations and green smart cities.

We renature, we reforest, we produce (**HYPER**)food, we bring innovation and balance together. Because in the end, it's all about acting in harmony with people, nature, and the future.

METTA GDT is the game changer - and together we are shaping a sustainable future in a Market over **980 billion euros**."
